My name is Ron Huxley of 20 Saville street Portland and I am writing to object to proposed heritage listing of my home property

If my home, and those of my neighbours, ever had any heritage significance, it has long since disappeared due to external painting and the many renovations carried out over the years.

I also believe that the physical description, as shown, is flawed. The rear skillion was not originally enclosed nor was the 'verandah infills'. The home does not have a garage. It seems to me the report was written without informed knowledge.

In the event of listing I have very real concerns regarding the devaluation of my property. If there had been even a suggestion of council's intentions I would never have considered the purchase. Please advise me when this matter is to be discussed in council, as I will be in attendance and prepared to speak. If there is any proposal relating to the cement works property would you likewise advise when it is to be discussed.

I can be contacted either by email or phone 0418600653
thankyou
Ron Huxley
